School Name:

Your sharing of information reflects strongly on the student's performance.

1. State the origin of the project idea: Was it an assignment, chosen from a list of possibilities, the student's suggestion, or did it arise from discussion, continuation of previous work?

2. Did the student work on the project as a team member? If yes, please state the make-up of the team; i.e., whether they were students, professional researchers, etc. Please describe the student's role on the team.

3. Estimate the student's level of dependence (0%) versus independence (100%) on each part of the project listed below. Example: For a student on a three member team who worked as a fully participating member, the answer would be 30-35%.

Experimental design	%	Gathering data	%
Choice of techniques	%	Evaluation of data	%
Use of special equipment	%	Results/discussion	%
Construction of equipment	%		

4. How many weeks was the student's research project at your institution? _____

5. Indicate whether or not the student received a salary or other compensation for this research

yes no If yes - dollar amount
